Professional Experience

Resilinc Inc.

Director of Product Design | Feb 2026 to Present

AI-powered supply chain risk intelligence platform, trusted by global enterprises across life sciences, aerospace, and automotive.

- ✓ Leads **UX and UI engineering teams**, driving end-to-end product design across supply chain intelligence, disruption management, and agentic AI workflows.
- ✓ Pioneered **AI-driven design leadership** by introducing AI-assisted prototyping and formalizing a five-stage design process, accelerating concept-to-handoff cycles.
- ✓ Defined agentic **AI experience standards** including explainability, confidence signaling, and human-in-the-loop governance across LLM-powered workflows.
- ✓ Built **Atlas 2.0 design system** on a three-tier token architecture, standardizing UI delivery across the platform with Angular 19 + Tailwind CSS.
- ✓ Authored the **UX SOP**, a governing design framework covering AI integration patterns, component standards, and validation, adopted across domain.

FourKites Inc.

Director of UX | Dec 2019 to Feb 2026 (6yrs 5 mos)

Global leader in supply chain visibility and predictive logistics.

- ✓ Lead **UX strategy, AI integration**, and **design execution** across multiple product verticals (Control Tower, FIN AI, Dynamic Yard, Workspace).
- ✓ Partner with **CEO, Product, Engineering, Sales, and Data Science leadership** to align design outcomes with KPIs (NPS, engagement, ARR growth).
- ✓ Drove **FIN AI** rollout: natural language AI for supply chain insights, transforming decision-making from reactive to proactive.
- ✓ Championed **FIN Sim digital twin simulations** → predictive insights reduced operational inefficiencies and costs.
- ✓ Established **design ROI metrics** framework: value dashboards, executive storytelling, upsell triggers.
- ✓ **Advocate for accessibility**: Implemented Section 508, WCAG 2.1 AA/AAA standards and AI-assisted accessibility testing.

CollabNet VersionOne (now Digital.ai)

Senior UX Designer | Jun 2014 to Dec 2019 (5 yrs 7 mos)

Mindtree Ltd. (now LTIMindtree)

Module Lead (UX) | Nov 2009 to June 2014 (4 yrs 8 mos)

RR Donnelley

Sr. Web Designer | Jun 2005 to Nov 2009 (4 yrs 6 mos)

Education

Human Computer Interaction (HCI)

IIT Bombay, 2017 (certification)

IDEO - Foundation in Design Thinking

IDEO U (certification)

Bachelor’s Degree in Computer Science

St. John’s College, MS University, 2001-2004

Professional Summary

Design leader with 18+ years of global experience building high-performing design organizations and shaping **data-driven, user-centered products** across **supply chain, ERP, ALM, e-commerce**, and **enterprise SaaS**. Currently **leading UX and UI engineering** at Resilinc, architecting **agentic AI experiences, scalable design systems**, and **AI-assisted design workflows** that compress delivery cycles and drive measurable impact in **engagement, retention**, and **revenue growth**.

Key Achievements

- ✓ **Scaled design team** from 3 to 12+ (India, US, UK) and coached senior ICs into managers; embedded design culture aligned with business OKRs.
- ✓ **Awards**: Gartner High-Impact UX Score (2023), Top Gun Leadership Award (2021), Dream Team Awards (2019, 2021), CollabNet Hackathon Runner-up (2017).
- ✓ **Thought Leadership**: Delivered conference keynotes and design thinking workshops for industry and university audiences.

Professional Achievements

- ✓ **Increased executive engagement by 18%** within 3 months through Workspace ecosystem redesign, driving a **46% growth in upsells**.
- ✓ Improved **Executive NPS by +32 points**, generating **100+ product leads** and accelerating upsell closures within the first month.
- ✓ Facilitated AI disruption management workshop with **20+ Fortune 500 executives**, positioning AI as a resilience lever that reduced detention costs and accelerated time-to-resolution.
- ✓ **Designed FastTrack QR-based check-in**, enabling **100% contactless operations** and reducing infrastructure costs by eliminating kiosks.
- ✓ Spearheaded Value Realization initiative (“ROI Wrapped”), which **shortened renewal cycles, reduced churn risk**, and created **new upsell opportunities**.
- ✓ **Boosted CarrierLink App rating from 3.8 to 4.8**, positioning it among the top-rated supply chain apps and driving **500,000+ downloads globally**.

Skill

- ✓ **Leadership**: Team building, Mentoring, Resource planning, Design OKRs, ROI measurement, Budgeting.
- ✓ **Design Strategy**: Systems thinking, AI-driven UX, Design systems governance, Service Design, DesignOps, Cross-functional leadership, Human-centered design.
- ✓ **Research & Analytics**: User testing, NPS, CSAT, competitive analysis, generative AI, NLP, User research, Wireframing, Prototyping, Agile/Scrum methodologies.
- ✓ **Tools**: Figma, Sketch, Adobe XD, Miro, Pendo, Hotjar, FullStory, HTML/CSS

Passions

Endurance athlete (marathons, triathlons, cycling races) | Traveler & Explorer | Speaker on design, AI, and leadership.
